Scripture Challenge Full Product Key

Scripture Challenge is a unique method of learning more about the Bible. Rather than simply reading specific lesson materials, this program allows you to learn a variety of Bible facts through a series of thought provoking questions. You'll start by selecting your general area of inquiry. Here you're offered subject matter that is grouped into 27 different categories from both the Old and New Testaments. Typical question topics include: Word Meanings, The Prophets, Books of the Bible, Geography of the Bible, Elijah versus Elisha, Acts and Journeys of the Apostles, Letters (Epistles) to the Churches and Believers, and many more. The program presents the information as a series of multiple choice questions or short fill-in-the-blank type responses. Although some of the questions might prove difficult for some novices, most questions are very reasonable and quite thought provoking. All you need to do to play the game is select, or enter, the correct response to each question. Both correct and incorrect answers are acknowledged by the program and Scripture Challenge tracks your scores for each session. Once you've selected an answer, in addition to telling you whether your response is correct, the program also displays the Bible chapter and verse where you can find the answer. What's New In Scripture Challenge?

Scripture Challenge is an offline program for Windows. It does not require internet access in order to operate. It will work on any computer where the Internet and email can be used. It will NOT, however, work for Macintosh computers. Scripture Challenge is completely offline. That means there is no internet access in order to play or view the game. The questions are selected from the Old and New Testaments and are displayed as a series of questions in a quiz-like environment. You can play the game simply by selecting your responses and allowing the program to compute the results. There is no internet connection necessary. Scripture Challenge offers thousands of Bible related questions grouped into 27 different categories from both the Old and New Testaments. As each quiz is played, your scores are saved to disk and can be viewed at any time using the Score History function. At the end of each quiz, the program not only tells you whether your response was correct but also displays the answer as it appears in the Bible itself. All responses are easily identified by chapter and verse. Click on any question to access additional information from the Bible verse and chapter provided. Additional Bible references are provided when you choose a response that is correct. For example, if you correctly answer a question about the book of Acts, then you'll see additional information from Acts 17:1-10. The program provides an overall final score for the quiz as well. The total for every category is also displayed at the end. In addition to the overall score and each category score, you will also be told how much time you have spent studying the Bible. A detailed session by session rundown of your scores and hours of Bible study is also available. Program Functionality: Simple Start - Begin the program by selecting the correct general category of Bible study that you would like to perform. This can include such topics as Books of the Bible, The Prophets, Word Meanings, Acts and Journeys of the Apostles, Letters, etc. Answer History - View answers that have been provided for the current session as well as your overall score and category totals. Quiz Engine - Pick your answers for each question. The engine will compute your score and display the correct answer as well as a Bible reference. You'll also learn whether your response was correct at the end of the quiz. Session Rundown - View a detailed breakdown of your overall scores for the session and by category. Note: Please ensure you have the latest version of the Bible that you have installed on
